Subjects.

I. Consideration of the accounts of receipts and disbursements for the month of July 1894.

Accounts read and passed.

II. Proposed by Dr. P. H. Benson, Civil Surgeon, that as the present system of bringing corpse for post-mortem examination in a state of semi-decomposition in open coffins is objectionable to the feelings of the people, that two air tight cases on wheels, be purchased and kept at the Ukkads of the two most important entrances to the town and that all bodies brought from the District be transferred from the ordinary coffin or litter at the Ukkad to the air tight cases.

Resolved that the proposal is very desirable, but that Dr. Benson should submit it to Government.

III. Petition from T. Pallonji, Government Mail contractor, praying that he may be exempted from paying the Municipal tax, *viz.*, rupees twenty-one for his ponies and tongas as they are kept for carrying Her Majesty's Mail between Mysore and Mercara and as such they are in the service of Government.

Resolved that Mr. Pallonji's claim for exemption is inadmissible as his tongas and ponies cannot be considered to be property of Government under the rules.

IV. Chief Secretary's No. 1706—L. F. 197-92, dated 30th July 1894, informing that it is undesirable for the Government to re-consider the order passed for the retirement of Mr. A. Coopoosawmy Mudaliar, as they understand that the state of his health disqualifies him for the public service.

Recorded.

V. Government Proceedings Nos. 1766-7—L. F. 418-92 and 1845-6—L. F. 8-93, dated 31st July and 1st August 1894, respectively, passing the Budget for the year 1894-95 and sanctioning the additional establishment and increases proposed to be included in it.

Resolved that they may be recorded and that further information called for be submitted.

VI. Letters dated 4th June and 7th August 1894, from Mr. W. Hutson, giving the particulars of articles required for the repairs of the Tower Clocks and of charges for his skill, and also stating that if it is desirable, he will undertake the repairs of the big clock alone, and those of the two smaller ones may be entrusted to Mr. Dove.

Resolved that the matter be deferred till next meeting.

VII. Proposals by Mr. Amble Annaiya Pandit, Municipal Commissioner—

(1) For considering the cause of the short income in the Sayar Department during the year 1893-94.

Resolved that the reasons given for the short receipts under jaggory, sugar and ghee are not satisfactory and that the Octroi Department should be warned to be more careful in its work.

(2) For levying a tax of three pies on a seer of brass and copper plates brought to the town for the preparation of vessels and of four annas per maund of flat, round and square iron and steel bars brought to the town.

Resolved that sanction of Government be obtained for imposing the tax at about five per cent as it is a legitimate item of revenue and as the Municipal income is at present insufficient.

(3) That a Writer and two Lascars be allowed to assist the Draughtsman now sanctioned in the Budget to prepare a register of houses in the City and of the Municipal properties with a suitable plan.

That it is not desirable to assign the work to the Draughtsman, but that it should be done by the Collection establishment.

(4) That the brass and copper vessel makers be ordered to obtain a license to prepare vessels in a place selected for the purpose by the President, as they are making much noise to the inconvenience of the public by keeping their shops wherever they like.

That a bye-law be drafted on the subject and submitted to the Board for consideration.

Cash Account Current for the month of July 1894.
